

The Secret Life of Dragonflies and Beetles

Welcome to learn more about dragonflies and beetles!

- at Ravlunda military exercise field, Österlen, June 7-8th

We are happy to invite you to participate in a seminar at Ravlunda military exercise field about dragonflies and diving beetles. We will hear about the organisms from experts in Sweden, Denmark and Germany. The seminar is part of the Life Nature project SemiAquaticLife and is now open to registration.

The seminar is held at Ravlunda, one of our project sites in Sweden.

Day 1 (7 June) includes project seminar, dinner and late night amphibian excursion.

Day 2 (8 June) is also open to the public and includes oral presentations and visits to some of the wetlands at Ravlunda to search for dragonflies and diving beetles.

The seminar is free of charge and includes: accommodation, dinner, breakfast, coffee, lunch

SemiAquaticLife - "Recreating habitat complexity for semi-aquatic fauna"

The project aim at restoring and improving the conservation status of amphibians, dragonflies and beetles in Natura- 2000 areas in southern Sweden, Denmark, and northern Germany. More information on the project can be found at the project website: www.semiaquaticlife.eu

The project is financed by EU Life Nature. (Project LIFE14 NAT/SE/000201).
